## Piles

Can't Be Cured from the Outside.

External treatments seldom cure piles.

Nor do surgical operations.

The cause is inside—bad circulation.

The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles, you must free the circulation—send a fresh current through the stagnant pools. Internal treatment is the one safe method. Ointments and cutting won't do it.

J. S. Leachman, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in 1,000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Lee & Osmond Co. and drugists everywhere, who will gladly refund the purchase price to any dissatisfied customer.

Patrons of Husbandry.

man, Miss Greene and Miss Agnes Fleming; insurance—John E. Panning and Charles A. Hagberg; music—Miss Nellie Howie, chairman; Miss Hans Bandfield and Mrs. Harry Stebbins; press—Miss Helen Moore and Charles F. Whitney; visiting—Mrs. A. A. Toberson; chairman, Miss Althea Lewis and Mrs. C. A. Hagberg.

OWLS.

At the regular meeting of Norwich Nest of Owls on Tuesday evening reports of the carnival held last week were made. The reports showed a satisfactory return, \$200, although the last few days of the carnival were poor days. Other matters of a routine nature were discussed at the meeting. There will be only one meeting per month during July, August and September.

ORDER OF PROTECTION.

There will be a union meeting of the three lodges of the New England Order of Protection of Norwich, also the lodges of Jewett City and Danielson, at Buckingham Memorial next Monday night, at which time Past Supreme Warden Frank A. Rice of Boston, claim agent of the Boston & Albany railroad, is expected to be present and give a talk that will be of interest to all members of the order. James L. Wheeler of New London of the Connecticut grand lodge committee on laws, who is deputy grand warden of the lodges in this city, will also be present at the meeting.

ROYAL ARCANUM.

The supreme secretary's report is always most devoted to the statistics of the order. This year a hundred and seventy closely printed pages give the full details of every phase of the widely spread business of the order.

Every cent paid out of its treasury is duly accounted for with a showing in every case of the exact amount paid, date of payment, reason for making the payment, and the name of the person who received the money. Probably no other organization of the same size, and certainly no commercial life insurance company makes any printed report to its members with anything like the same fullness of detail.

The mortality and membership statistics are also given with the same careful itemization, so that the document is an almost unmatched mine of information for any mathematically inclined person who may wish to figure out the whys and wherefores of any part of the order's work or condition from an actuarial or arithmetical view point.

But unfortunately—or otherwise—figures are not interesting reading for most people. It is exceedingly important to have the information of this sort carefully collected and preserved, but it is not likely to be edifying in the columns of the Bulletin. Attention is called to the following illustrations of the extent of the impressive totals:

"The total K. & O. B. Fund receipts from organization to December 31, 1919, was \$298,880,468.41, and the total amount paid from the W. & O. B. Fund to beneficiaries of deceased members during the same period was \$205,126,788.24 on 81,103 deaths.

The number of grand councils is 32 and the number of subordinate councils 1,461.

"The amount of last assessment to the W. & O. B. Fund is approximately \$518,000.

In 1919 there were 6,747 applications, 104 reinstatements, 2,893 deaths, and 6,672 suspensions and permanent withdrawals.

"From the commencement of the order up to and including December 31, 1919, there were:

Initiations ..... 595,629

Reinstatements ..... 27,192

Suspensions and expulsions ..... 488,449

Permanent withdrawals ..... 10,225

Deaths ..... 84,486

Membership Dec. 31, 1919 ..... 134,573

"The supreme council year, May 1, 1919, to May 1, 1920 shows a net increase of 251 members.

"The three largest councils of the order on December 31, 1919, were: Precinct No. 940, of Illinois, with 1,177 members; De Long Council, No. 726, of Brooklyn, N. Y., with 1,941 members; and New York Council, No. 318, New
